Ms. Nancy H. Marsh
U.S. Environmental Protection Agency
61 Forsyth St., SE
Atlanta, GA 30303

Dear Ms. Marsh:

The Copiah County Road Improvement Initiative which consists of the counties of Copiah and the City of Hazlehurst is applying to the USDOT for a BUILD grant. The proposed Copiah County Roadway Improvement Initiative project will rehabilitate existing infrastructure in Copiah and the city of Hazlehurst.

This project will radically improve motor vehicle transportation reliability and safety in an economically disadvantaged rural region. The goal is to create a safe and dependable network of "safe-route-to-schools and basic needs facilities" roads and streets that will allow the accomplishment of two major transportation goals: (1) create a fully connected and safe county transportation system that allows direct movement of citizens and goods from areas to local economic points of interest; and (2) provide safe routes to local K-12 schools and the local Community youth camps.

A copy of form SF424 and project maps are attached for your information. Please give us your comments on this project.

Sincerely,

Daryl McMillian, Sr.
President
Copiah County Board of Supervisors (Lead Applicant)
